VALENCIA

23-27 MAY 2022

ETIEN BOLE

# MONDAY, 23 MAY

## notes

In the morning we went to school and had a welcome ceremony. After that we had lunch, but ~~the~~ school lunch wasn't good so we (Slovenian team) went to a shop. We bought some food and came back to school. School ended at 5 p.m. Our hosts came to pick us up from school, and ~~we were hanging~~ Me and my friend from Slovenia went together on a boat with our hosts. It was really nice. Then me and my host went to eat dinner. We ate traditional Spanish meal. ~~It was~~ It was really nice and I ~~had~~ had a lot of fun that day.

# TUESDAY, 24 MAY

## notes

The next day was similar as the day before. We went to school, ~~we~~ We had master chef and workshop in the morning. The lunch that we had was gross, so we went to the shops again. After lunch we had activity outdoor. We went to a park and we were ~~split~~ in teams with kids from other countries. The activity was fun. It was also ~~hot~~ hot that day. When school ended me and my friends went bowling with our hosts, I won once. ~~We went~~ For dinner me and my two friends went to eat pizza, others went to eat McDonalds. Tuesday was probably the best day ~~in a week~~ I had in that week.

# WEDNESDAY, 25 MAY

## notes

On Wednesday we went to visit a Fallas craftsman place. The builds were amazing. ~~They~~ People that were building the statues said that for one small statu takes a long time to make and you have to be patient. Later that day we went to a beach and ate lunch there. Lunch was good. After lunch we went to visit the Valencian Fallas museum. The statues were better then I imagined. Every statue there was because the build won and people had to burn it, that's a tradition. The day was warm and calm.

# THURSDAY, 26 MAY

## notes

Thursday was very exciting because we went to the biggest aquarium in the Europe. I saw a lot of animals and a dolphin presentation was great. We had lunch at the aquarium. After lunch we went to visit the old city center of Valencia. We were in the city for a long time. In the evening we had special dinner. Every country had to make a show or dance. We danced a Golia and a popular dance. I met an eleven year old from Greece and he was very cool.

# FRIDAY, 27 MAY

## notes

Friday was the last day in Valencia. I was sad to go home so early. In the morning we had farewell ceremony, certificates and gift in school. We also had Mascleta ~~at school~~, and lunch at school. We greeted them and went to an airport. In the evening we drove home from the airport. I was happy to see my family. The trip was really fun.

# MY FRIENDS FROM VALENCIA MOBILITY

I made friends with ~~the~~ the hosts from my  
slovenian friends, Spanish people were very  
open, talkitive and nice. I also made friends  
with people from Romania, and a boy from  
Greece. They were all super nice and friendly.  
We still keep in touch with them.
