Today we woke up at 8.00 am because we had breakfast at 8.30. The breakfast we had was very weird because we had french fries. After breakfast we went to TÜRKAN DERELİ PRIMARY SCHOOL where we were greeted by many pupils from the school. They were giving out candy and holding up flags. After that we went to the school gym where we exercised, and learned a turkish dance. Between our break we walked around the outside of the school, when our break was over we had to present traditional slovenian games and listen to other presentations. For lunch we had chicken, potatoes, rice, some type of yoghurt and what. After that we had a long break where we met other pupils from the high school. They were very nice and were asking about where we are from and what we are doing here. We went back to the hotel to get ready for the city center. It was a long walk to get there but we made it eventually. In the city center there were many shops and food stores. I bought some rings that I wanted. When we got back to the hotel we got ready for dinner. The dinner was quite disappointing but it was ok. After dinner they put some music on and all the teachers started dancing and singing. I didn't go dancing because I was too embarrassed. We came home at 11.30 pm and got ready for bed.

Today we went to TÜRKAN DERELİ PRIMARY SCHOOL where we played table tennis and went to the gym where we did gymnastics. After that we had lunch, it wasn't that good but I still ate it. When we ate the lunch we went to Ormanya İmit City park. In the park there were a lot of things to look at. There were little wooden houses, a library and a zoo. The houses were very cute and we took a lot of pictures there. At the library there were hammocks and trampoline type of seats. At the zoo there were a lot of animals, we took a lot of pictures of them. At 19:00 we went to a shopping centre. We went to many different shops. I bought a wallet because mine was too small. We then went to eat in a restaurant in the city centre. After dinner we went home and got ready for bed.

Today we went to Sultanahmet park where we met a tour guide. She showed us the Blue Mosque ~~which~~ which you could see from the park. After a while of walking around, and listening to the tour guide about the history of each building and statue we went inside the Blue Mosque (Sultan Ahmet Camii). We had to wear scarfs or hodies on our heads because you have to cover your hair. The building was under construction so we couldn't see a lot of the inside but it was very beautiful. After that we went in to Hagia Sophia (Aya Sofya). The inside was very beautiful, and there were a lot of people there also. When we finished looking in the Ayasofya we went to the Topkapi palace where there was a lot of things to see. We were there for a long time, but when we finished we went to get some food. We ate some hotdogs. In the afternoon we went to the Istanbul Grand Bazaar where we bought some things for our friends and family. For our last night in Turkey we went on a boat and ate some food. After that we went back to the hotel and prepared for bed.

For our last day we went to the Dolmabahçe palace. All of the rooms were very beautiful and luxurious. We couldn't take a lot of photos in there because we ~~were~~ weren't allowed to. When we looked at all of the rooms we had to go back to the hotel to get our bags and go to the airport.
