LANA ŽERJAL SUHADOLNIK

MONDAY, 23 MAY

notes

Today we went to the welcome ceremony and played a game of "Who is who?"

After that we went to school and ate lunch.

After lunch my host family took me to the beach. We played cards and they taught me how to play Uno Flip.

In the evening we went to get pizza at Papa John's and it was really good. I even tried pineapple on pizza for the first time. It's not my favourite but I'm glad I tried it.

TUESDAY, 24 MAY

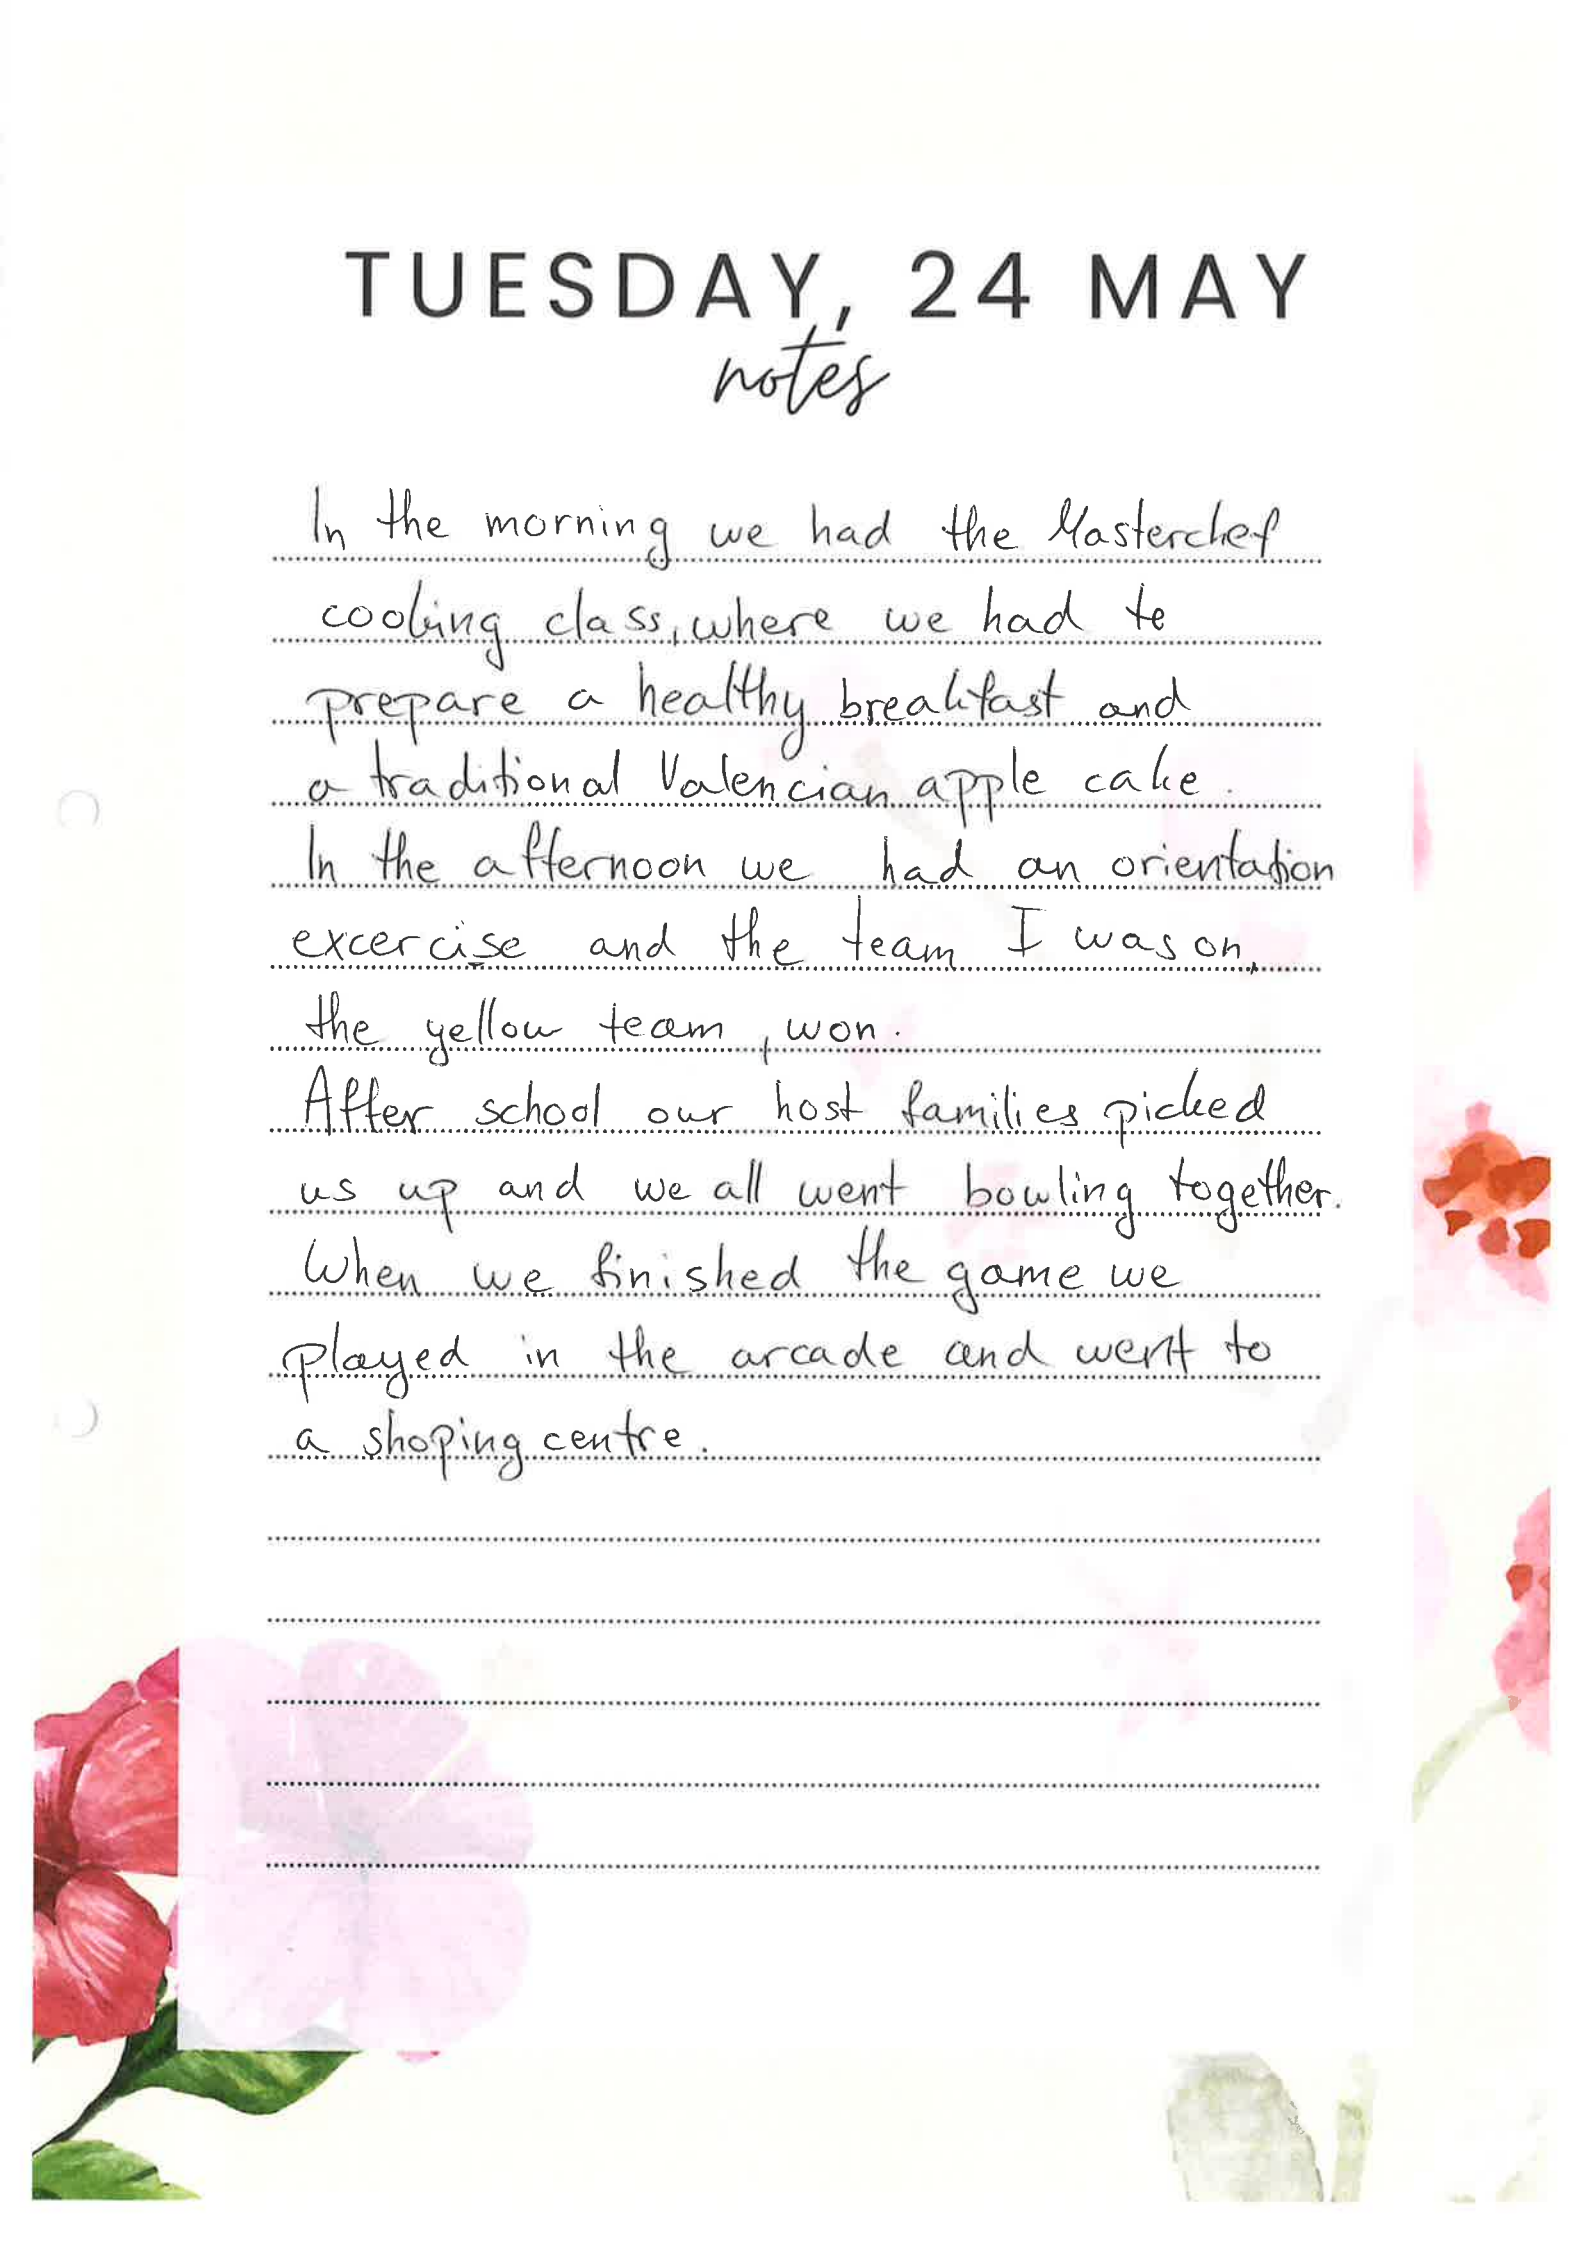

notes

In the morning we had the Masterchef cooking class, where we had to prepare a healthy breakfast and a traditional Valencian apple cake.

In the afternoon we had an orientation exercise and the team I was on, the yellow team, won.

After school our host families picked us up and we all went bowling together.

When we finished the game we played in the arcade and went to a shopping centre.

WEDNESDAY, 25 MAY

notes

Today we went to see a fallas maker who showed us the entire process of making the fallas. It was really interesting to see how much work people put into something that will be later burned down.

After seeing fallas in the making, we visited a museum with all of the winning fallas from every year. In the evening we visited the city centre with our teachers.

THURSDAY, 26 MAY

notes

Today we visited the aquarium, Oceanogràfic de Valencia, and saw a dolphin show as well as a lot of other interesting animals.

We then visited the beach where we ate the traditional Spanish food, the paella. We later visited the city centre. In the evening we had the closing diner where I performed a dance, along with Kiara and Eira.

FRIDAY, 27 MAY

notes

Today is the last day and we went to school and said goodbye to all of the students and after lunch our host families came to say goodbye to us all.

We then went to the hotel to get our bags and left for the airport.

It was a really amazing trip and I really enjoyed it.

MY FRIENDS FROM VALENCIA MOBILITY

Through out the week I met a lot of
new people and really enjoyed all of
their company but those who I will
remember most are my host Ana Navas
Vasquez, her friends Leire, Maria, Dani
and a lot of others.

Blank lined area for additional writing.
