After having lunch at school, we had workshop on healthy lifesyle with Valencia football club doctor. I participated also to the orienteering game in the park, which was very interesting.

In the afternoon I spent some quality time with Dani's family, we decided to go to bowling together. We really spent a good time together.

Our last day was dedicated to the Farewell ceremony, certificates and gifts. I invited Dani and his family to visit Slovenia. For this occasion I gave to Dany a book with tourist information.

I had pleasant flight back home.

Participating within the Erasmus project was very good personal experience. I really appreciate to have the opportunity to visit the city of Valencia in Spain. I also enjoyed spending time together with Dani and his family. After after breaking ice with Dani, I realized that we had some hobbies in common, as for example the basketball. I would like to recommend this kind of experience to everybody, who would like to getting to know new cultures, new places and new interesting people.
