# TUESDAY, 24 MAY

notes

On tuesday we had a match  
between teams. It was master chefs.  
First we tried to do healthy breakfast.  
I didn't do anything but I guess  
It was fun. One teacher helped us  
and it wasn't right. Then we did  
an apple pie. It was easy too.

Some people didn't have a clue  
about baking but <sup>at least</sup> they had an  
experience. After match we had  
some free time and we ate lunch.  
Then we went bowling with families.  
It was fun. And girls won ofcourse.  
I was tired.

# THURSDAY, 26 MAY

## notes

Thursday, finally. I was waiting for it.

We went in the aquarium. It was sooo big. It's the biggest in Europe.

I saw birds there too. And dolphins show.

That was amazing. They did back-flips. Soooo cool. We had lunch

there too. Late pasta. It was really

good. Then we went in the museum.

It was interesting. One falla was sooo big. We went to the hotel.

I loved the aquarium. I hope I'll see it again one ~~the~~ day.

# FRIDAY, 27 MAY

## notes

Friday, sad day. In the morning I had to do covid test. I was negative ofcourse. Then we went to school.

We had some freetime and lunch.

I had to say goodbye to all of my friends there. We hugged for like 100 times but it still not enough. It was

really hard for me. But me and Blanca promised to see each other every 2

years. Then we went shopping and on

the airport. It was a scary flight.

We went to Sežana By bus. When

I was home I missed Spain already.

I guess I had ~~such~~ a good time there.
